

Specialists in Sourcing Financial Professionals
for UK & German Enterprises

GREENWELL GLEESON

Financial Recruitment Specialists

THE RIGHT PEOPLE

The German-British Chamber of Industry & Commerce confirms cross-border ownership between the two countries remains at a record level, with over 1,600 UK subsidiaries of German enterprises and 900 German subsidiaries of UK enterprises.

As an Executive of one of those 2,500 you will have responsibility for, or a direct interest in, hiring high-calibre Finance Professionals. Greenwell Gleeson UK and our German parent Amadeus FiRe, with forty years expertise in financial recruitment, are uniquely positioned to support you.

Both businesses have paid special attention to developing a market leading database and network of Finance Professionals whose skills include:

- Fluency or business level language skills in both English & German;
- A cultural understanding, gained through prior exposure, of working in Anglo-German enterprises whether they be; Stock Listed Corporations, Private Equity backed, UK SME's and German Mittelstand;
- Practical experience in UK/German GAAP and IFRS accounts preparation;
- A desire or openness to base themselves in either country thus allowing an enterprise to employ an 'ex-pat' in their foreign subsidiary on either permanent or temporary basis.

The head start we have in identifying and benchmarking candidates and offering guidance on pay rates is essential to supporting clients in the current economic environment. Utilising our knowledge will invariably shorten the recruitment process, saving time and expense.

In addition Greenwell Gleeson UK offer the client tests specifically to gauge candidates accounting aptitude. Three tests have been developed in consultation with a current and longstanding CIMA examiner. These tests are exclusive to us and free of charge.

Amadeus FiRe Group and Greenwell Gleeson UK

- Amadeus FiRe AG was formed in 1986 and is now the Number 1 Specialist Financial Recruiter in the German Market. With a current annual turnover in excess of €110m the business became a fully listed member on the Frankfurt Stock Exchange in 1999.
- Greenwell Gleeson UK was formed in 1994. Having built and retained a market leading reputation for delivery and knowledge in financial recruitment led to its acquisition by Amadeus FiRe AG in 2001.
- The Group has over 20 offices over the two countries.

Greenwell Gleeson UK Divisions

Executive Permanent

All recruitment consultants in our executive permanent team were previously practising accountants. They utilise their market leading networks and experience to deliver on either a Retained Search and Selection or a Database/Contingent basis both for Executive Finance and Non-Finance vacancies.

Qualified and Part-Qualified Permanent

Industry leading marketing spends, networking and personal recommendations derived from our excellent reputation and service has resulted in a comprehensive database of top quartile accountants.

Interim/Temporary

Provide Finance Directors through to Part-Qualified Accountants on either a temporary or fixed-term basis. Our specialism and longevity in this area has enabled us to build and retain a market leading database of candidates, each with a minimum of two references.

Turnaround/Restructuring

A specialist team, mirrored in Germany, provide executive and senior level professionals to support enterprises in difficult and distressed situations. This includes CEO and CFO professionals with a demonstrable track record in this arena and specialists in the areas surrounding Cash/Working Capital Management & Cash Forecasting.

International (Outside both Germany & UK)

In the last year we have successfully concluded assignments both pan-European and Worldwide. Countries we have recruited in, either on a permanent or interim basis, include; France, Spain, Italy, Holland, Belgium, Poland, Austria, China and India.

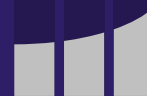

Amadeus FiRe Group has two separate Divisions to train and update accountants who have to comply to German Tax, German GAAP and/or International Accounting Standards.

The Tax College offers courses in every major city of Germany, and for 50 years have led the market in training on German Tax Law and German GAAP.

The Academy of International Accounting offers foundation & advanced training courses on IFRS & US GAAP. Visit www.amadeus-fire.com for details of both.

Both divisions offer face-to-face tutorials and distance learning options.
