

Coronavirus Update – A Message from the MD

Firstly, can all of us at Greenwell Gleeson start this message, in these most unprecedented times, by wishing you & your loved ones good health over the coming weeks & months.

Yes things sure are tough presently but, and I am sure you share with us the belief that, we are an incredibly resourceful nation and we will come back from this and hopefully as a more caring & considerate country.

From an economic perspective excellent financial professionals will be key to help businesses to recover and we hope to, in partnership with many finance professionals, play our part in the economic rebuilding of the UK.

It is clear from conversations with our clients that recruitment in the current climate needs to be done differently and we are fully equipped with all the tools necessary to be able to continue to assist our clients with any recruitment needs they may have.

Greenwell Gleeson has ensured all staff are able to, and are now working from home. We are fully committed to adhering to government guidelines and advice and ensuring the safety of all our candidates, clients, staff and stakeholders.

We are able to continue to offer practical advice and to provide market insight on what we are seeing and the trends that we believe are developing.

Our Consultants are available to speak to on their land line numbers, which have been diverted, their mobiles or via email. Please use the Contact Us link for more details.

Finally, can I sign off (on behalf of my whole team) by once again wishing you and your loved ones good health over the coming weeks & months.

Rob Lawton
Managing Director
